Axell shall in no event be liable for any damage incurred for any reason, including but not limited to, inaccuracy, alteration or removal of the contents of this website, the suspension or discontinuation of operation of this website, or any problem that occurs from the use of this website or on this website, regardless of any such reason.

### **Prohibited Actions**

The following actions are prohibited when using this website:

- Any action that defames or may defame, infringes or may infringe upon the privacy of, or destroys or may destroy the trust of, Axell and/or any third party;
- Any action that causes or may cause any disadvantage and/or damage to Axell and/or any third party;
- Any action that offends or may offend public order and/or morals;
- Any action that misleads or may mislead any third party;
- Any action that violates or may violate any statutes, laws, orders, regulations and/or ordinances; and
- Any other action that Axell deems inappropriate.

### **Intellectual Property Rights**

- Trademarks

There are cases in which such trade names, trademarks, logo marks or product/service names of goods/products/services of Axell or other companies as are used on this website are being used as trade names, trademarks, logo marks, etc. by Axell or such other companies, etc. Use or otherwise of any such trade name, trademark, logo mark, etc. of Axell or any other company, etc. as is used on this website is prohibited without the prior approval of Axell or such other company, etc.

- Copyrights

Copyrights to any document, drawing, image, etc., on this website are owned by Axell or their

respective owners and protected by the Copyright Law and other applicable treaties or laws, etc. You can reproduce the contents of this website only for limited purposes, such as for your own personal use or use at home.

This website provides information on products and services, technical information of Axell, as well as documents, drawings, images, diagrams, visual images, audio, etc. representing such information (“Technical Information”); however, the copyrights and other intellectual property rights to the Technical Information belong to and are reserved by Axell.

You are not allowed to modify, distribute, make public transmission of, or otherwise show the Technical Information. Please note that, if reproduction or downloading thereof is necessary, you are required to agree to the terms and conditions of use for each of the Technical Information, or, if no terms and conditions of use are provided for such Technical Information, to obtain prior approval of Axell.

Nothing herein shall be construed as conferring on or granting customers any right or license to use under any copyrights, patent rights, trademark rights, design rights or other intellectual property rights to the Technical Information, and Axell shall make no warranty whatsoever with respect to or in connection with the Technical Information.

### **Export Control**

In the case of exporting (including transporting to a country outside Japan and disclosing to non-residents in Japan; also including export of any product and others incorporating the products purchased) the Technical Information or software provided on this website or any other products purchased, you are required to comply with the Foreign Exchange and Foreign Trade Law, the U.S. Export Administration Act and any other applicable treaties, laws and ordinances, etc.

### **Proposal of Idea, etc., from Customers**

As a general rule, Axell would not accept any idea, image, and notes, etc., proposed to Axell by customers regarding new products, technology, design, methods for manufacturing or sales, etc., so as to avoid unforeseen circumstances in the future such as misunderstanding and dispute with the customers, unless Axell specifically requests customers to make any such proposal. Your cooperation and understanding in this regard are highly appreciated.

Please note that, if customers make any proposal notwithstanding the above, intellectual property rights and any other rights thereof shall belong to Axell and Axell has no obligations to maintain such idea, etc. in confidence, to assess and review the same and to pay any compensation, consideration or others in any case whatsoever.

### **Governing Laws and Court of Jurisdiction**

Unless otherwise specified, the use of this website and the formation, construction, validity and performance of the Terms and Conditions shall be governed by, and construed in accordance with, the laws of Japan. All disputes, controversies or differences arising out of or in relation to this website shall be subject to the exclusive jurisdiction of the Tokyo District Court as a court of the first instance.

## **DIRECTIONS**

Please note that the information regarding the semiconductor products and other related products of Axell (“Semiconductor Products”) contained in this website represents information at the time of posting and may not be the latest information. The purpose of Technical Information concerning the Semiconductor Products on this website is to explain representative standard operation, usage and application examples of the Semiconductor Products. In using the Semiconductor Products, you are requested to use the Technical Information, and design therewith, at your own responsibility.

Axell makes constant efforts to improve the quality and reliability of the Semiconductor Products; however, the Semiconductor Products are not designed with resistance to radiation. You are requested to incorporate sufficient safety measures in their design by yourself and to use the Semiconductor Products for general electronic equipment/systems. You are also requested to incorporate sufficient safety measures in their design, such as redundancy, fire-containment, over current prevention and anti-failure features, so that any failure, malfunction and/or defect of the Semiconductor Products will not consequently cause any physical injury, fire accident or other accidents and/or damage, etc., and to secure sufficient measures at your own responsibility so that any failure, malfunction or defect of the Semiconductor Products will not infringe upon your life, body or property or those of any third party.

- The products contained in this website are intended for use in general electronic systems (such as audio-visual equipment, office automation equipment, telecommunication equipment, household appliances and amusement equipment, etc.). The products contained in this website are not anticipated to be used for any equipment and system, etc., that require extremely high reliability or those for which any failure, malfunction and/or defect will directly endanger life, body or property (such as medical equipment, transportation equipment, aircraft and space craft, nuclear control systems, fuel control systems and various other safety equipment).
- In no event shall AXELL make any warranty whatsoever, express or implied, with respect to its products posted on this website, including but not limited to the merchantability and fitness for any particular purpose.
- Axell does not, via this website, enforce or grant license to use to you or any third party under intellectual property rights and any other rights owned or controlled by Axell. Axell shall not be liable for any dispute and/or damage, etc. whatsoever with respect to, concerning or in connection with any infringement of intellectual property rights.
